

The site plan illustrates the layout of the 'Minghuo' (明湖) project, a large-scale urban development. The central focus is a complex of buildings, including a multi-story residential or commercial structure labeled '明湖留谷产业园6栋' (Minghuo Liugu Valley Industrial Park 6 Buildings). Surrounding this central area are various other buildings, including a '宿舍' (Dormitory) and a '仓库' (Warehouse). The plan is bounded by '沙塘路' (Shatang Road) to the north, '罗群围路' (Luqunwei Road) to the south, and '坑南路' (Kengnan Road) to the east. To the west, it borders '现状城中村' (Existing City Center Village). The plan includes numerous labels for roads, paths, and specific building features, such as '机动车出入口' (Motor Vehicle Entrance/Exit), '非机动车出入口' (Non-motor Vehicle Entrance/Exit), and '景观花池' (Landscape Flower Pond). It also shows '规划工业用地' (Planned Industrial Land) and '规划教育设施用地' (Planned Education Facility Land). The plan is divided into several blocks, including '02-07 M1', '02-09 M1', '02-10 M1', '02-11 R2', and '02-13 GIC5'. A north arrow and a scale bar are provided for orientation and measurement.
